RECOGNIZING PUBLIC HEALTH HEROES WORKING TIRELESSLY
BEHIND THE SCENES TO KEEP COMMUNITIES HEALTHY AND SAFE

AMBER VENNER

Registered Practical Nurse

HOW I'M HELPING TO KEEP COMMUNITIES SAFE RIGHT NOW

As a phone line nurse in Public Health, I provide evidence-based, timely, relevant information about COVID19. I assist members of my community in navigating the healthcare system and help them feel safe and heard during this pandemic.

MY MESSAGE TO THE PUBLIC DURING THESE CHALLENGING TIMES

"We got this"

MY ROLE IN PUBLIC HEALTH

What I'm championing every day to keep communities healthy:

I'm the first point of contact for telephone inquiries at my local health unit. Utilizing clinical knowledge and assessment skills, I determine client's needs, provide education and counselling on Public Health topics and issues- all while applying a customer service philosophy to ensure my communities needs are met.

What I would like to see for the future of public health:

I hope to see an increase of public awareness about the diversity of professionals required to develop and implement programs and services to serve the ever changing needs of the community.
