

# #PublicHealthHeroes

RECOGNIZING PUBLIC HEALTH HEROES WORKING TIRELESSLY  
BEHIND THE SCENES TO KEEP COMMUNITIES HEALTHY AND SAFE

Health  
Promotion and  
Education Team

## HOW WE ARE HELPING TO KEEP COMMUNITIES SAFE RIGHT NOW

Calls to all grocery, convenience, LCBO stores and pharmacies to provide correct infection control information, work in the call centre, help with clerical tasks, provide staff wellness information, deliver swabs, and more.

## OUR MESSAGE TO THE PUBLIC DURING THESE CHALLENGING TIMES

“The amazing thing about working in Public health is that things are constantly changing, and in times of Public Health Emergencies, your job title becomes completely irrelevant. You get to learn new things, work with people you don't normally do, and gain so much knowledge!

Eastern Ontario Health Unit

## OUR ROLE IN PUBLIC HEALTH

### What we champion every day to keep communities healthy:

We work with community partners, and individuals to help ensure that people have a healthy place to live, work and play. The teams' include Health Educators, Dietitians, Health Promoters, Oral Health Specialists, Speech and Language Pathologists, Tobacco Enforcement Officers, and our Environmental Analyst and Educator.

### What we would like to see for the future of public health:

Appreciate the opportunity to hold our loved ones close and to spend time with family and friends doing the simplest of things and enjoying their company.
